Personally, I don't think we'll find any physical cause. Most likely, this was psychological-acute nervous emesis, caused by severe anxiety, the shock of losing his wife, seeing her die.' Rescuers appeared with hydraulic pry bars and metal cutting saws. Civilians were shepherded back to the sidewalks..WALLY HAD NOT gone home with Death, but they had definitely been at the dance together..For a moment," Lipscomb continued, "her voice became clear, no longer slurred. She raised her head from the pillow, and her eyes fixed on me, all the confusion gone. She was so ... intense. She said ... she said, 'Rowena loves you.' The first time, she required a pencil, paper, and nine minutes to calculate the number of elapsed seconds since an event that had occurred 125 years, six months, and eight days in the past. Her answer differed from his, but while proofing her numbers, she realized that she had forgotten to factor in leap years..was trying her best to ensure the health of the baby while still remaining slim enough to

avoid suspicion..Agnes found herself drifting up. A frightening sense of weightlessness overcame her..Too late for interrogation now, with Vanadium bludgeoned into eternal sleep and resting under many fathoms of cold bedding..Kathleen Klerkle, Mrs. Wulfstan, sitting on the edge of Nolly's desk, looked diagonally across it at the visitor in the client's chair. Actually, Nolly had two chairs for clients. Kathleen could have sat in the second; however, this seemed to be a more appropriate pose for a hawkshaw's dame. Not that she was trying to look cheap; she was thinking Myrna Loy as Nora Charles in *The Thin Man*-worldly but elegant, tough but amused..Sunday evening, here he was, cracking open four new decks, as if fresh cards might enable the magic to repeat..Zedd taught in this world where dishonesty is the currency of social acceptance and financial success, you must practice some deceit to get along in life, but you must never lie to yourself, or you are left with no one to trust..where everyone spoke a single language and had all the blueberry pies they needed..In the sermon that brought him a moment of fame that he'd found more uncomfortable than not, Daddy had used the life of Bartholomew to illustrate his point that every day in every life is of the most profound importance. Bartholomew is arguably the most obscure of the twelve disciples. Some would say Lebbaeus is less known, some might even point to Thomas the doubter. But Bartholomew certainly casts a shadow far shorter than those of Peter, Matthew, James, John, and Philip. Daddy's purpose in proclaiming Bartholomew the most obscure of the twelve was then to imagine in vivid detail how that apostle's actions, seemingly of little consequence at the time, had resonated down through history, through hundreds of millions of lives-and then to assert that the life of each chambermaid listening to this sermon, the life of each car mechanic, each teacher, each truck driver, each waitress, each doctor, each janitor, was as important as the resonant life of Bartholomew, although each dwelt beyond the lamp of fame and labored without the applause of multitudes.. "This is Detective Bellini, with the San Francisco Police Department. Is everything all right there?". Paul didn't realize that Grace had followed them into the living room until she screamed. She started to push past him, heading toward her husband even as Harrison went down..As he'd been instructed, Vanadium felt along the return edge of the carved limestone casing to the right of the window until he located a quarter-inch-diameter steel pin that protruded an inch. The pin was grooved to facilitate a grip. An insistent, steady pull was required, but as promised, the thumb-turn latch on the inside disengaged..Paul shook his head. "Oh, no. People look at our marriage, and they think I gave up so much, but I got back a lot more than I gave." Earlier, the dirty-sheet clouds had been wrung dry. Now, the trees that overhung the house had finally stopped dripping on the cedar shingled roof The night was so still that Agnes could hear the sea softly breaking upon the shore more than half a mile away..So many stops, too little time at each, a dazzle of Christmas trees decorated every one to a different taste, offers of butter cookies and hot chocolate or lemon crisps and eggnog, morning chats in bright kitchens steeped in wonderful cooking odors and-in the chillier afternoon good wishes exchanged in front of hearth fires, gifts accepted as well as given, cookies taken in trade for pecan cakes, "Silver Bells" and "Hark How the Bells" and "Jingle-Bell Rock" on the radio: Therewith they arrived at three o'clock in the afternoon, Christmas Eve, their deliveries completed before Santa's had begun..But he was more than she had ever imagined her boy to be, more than merely a prodigy..Sometimes, while shaving or combing his hair, as he was looking in the bathroom or foyer mirror, Junior thought that he glimpsed a presence, dark and vaporous, less substantial than smoke, standing or moving behind him. At other times, this entity seemed to be within the mirror. He couldn't focus on it, study it, because the moment he became aware of the presence, it was gone..Too rattled to want lunch at the St. Francis Hotel or anywhere else, Junior returned to his apartment..Vanadium understood the depth of his old friend's pain, and he knew that the anguish over the loss of a child could make the best of men act out of emotion rather than good judgment, and so he accepted Harrison's preference to let the matter rest. When enough time passed for reflection, what Vanadium ultimately decided was that of the two of them, Harrison was much the stronger in his faith, and that he himself, perhaps for the rest of his life, would be more comfortable behind a badge than behind a Roman collar.. "Let's roll 'em. out," Paul said, and he returned to the station wagon to ride shotgun beside Agnes.. "The quarter in the sandwich," Nolly said, because that was the first stunt that Simon Magusson had paid him to perform..Thus far, there were only two unexpected developments, the first being his explosive vomiting. He hoped he would never have to endure another such episode..For her, the suspense that grew throughout dinner didn't have much to do with whether or not Wally would pop the question, because if he didn't broach the subject this time, she intended to take the initiative. Instead, Celestina was more tense about whether or not Wally expected that a heartfelt expression of commitment should be sufficient to induce her to sleep with him..Gradually, she perceived that Lipscomb was more troubled than he should have been, considering that his patient had died through no fault of his own..Junior took two steps toward him, sighting the gun on his face. "Why should I be afraid of a stumbling blind boy no bigger than a midget?". Bartholomew didn't merely have something to do with babies. Bartholomew was a baby..With only a faint twinge of sentimental longing, he drove away from the house that had been his and Naomi's love nest for fourteen blissful months..In fact, attorneys for the potential plaintiffs felt that Nork, Hisscus, and Knacker were too willing to reach an accommodation, and they met the trio's conciliation with high suspicion. Naturally, the state didn't want to defend against a claim involving the death of a beautiful young bride and her unborn baby, but their willingness to negotiate so early, from such a reasonable posture, implied that their position was even weaker than it appeared to be..Junior was at critical depth. The psychological pressure was at least five thousand pounds per square inch and growing by the second. Implosion imminent..He doused the light and crouched motionless in the absolute darkness, leaning against a wall of the dumpster to steady himself, because his feet were planted in slippery layers of fog-dampened plastic trash bags..As though giving voice to her worst fear had made it come true, Agnes was seized by a contraction so painful that she cried out and clutched the paramedic's hands tightly enough to make him wince. She felt a peculiar swelling within, then an awful looseness, pressure followed at once by release..Junior was flattered, he really was. Women couldn't get enough of him. The story of his life. They never let go gracefully. He was wanted, needed, adored, worshiped. Women kept calling after they should have taken the hint and gone away, insisted on sending him notes and gifts even after he told them it was over. Junior wasn't surprised that women would return from the dead for him, nor was he surprised that women he'd killed would try to find a route back to him from Beyond, without malice, without vengeance in their hearts, merely yearning to be with him again, to hold him and to fulfill his needs. As gratified as he was by this tribute to his desirability, he simply didn't have any romantic feelings left for Naomi and Seraphim. They were the past, and he loathed the past, and if they wouldn't let him alone, he would never be able to live in the future..Barty's reading and writing skills appeared to be related to his talent for math, as well. To him, language was first phonics, a sort of music that symbolized objects and ideas, and this music was then translated into written "syllables using the alphabet-which he saw as a system of math employing twenty-six digits instead of ten..Agnes winced. Already, another

contraction. Mild but so soon after the last. She clasped her hands around her immense belly and took slow, deep breaths until the pain passed. "I'm paying," Celestina insisted when they were seated. "I'm now a successful artist, with untold numbers of critics just waiting to savage me." In San Francisco, Seraphim Aethionema White lies beyond all hope of resuscitation. So beautiful and only sixteen. On the afternoon of November ninth, when Paul and Barty were with her, reminiscing, and Angel was in the kitchen, getting drinks for them, his mother gasped and stiffened. Breathless, she paled past chalk, and when she could breathe and speak again, she said, "Get Angel now. No time to bring the others." Angel. A less exotic synonym for her own name. Seraphim's angel. The angel of an angel. Junior leaned forward and slid the packet of cash across the desk, toward the detective. "There's more where this came from." OUR LADY OF SORROWS, quiet and welcoming in the Bright Beach night, humble in dimension, without groin vaults and grand columns and cavernous transepts, restrained in ornamentation, was as familiar to Maria Elena Gonzalez--and as comforting--as her own home. God was everywhere in the world, but here in particular. Maria felt happier the instant she stepped through the entrance door into the narthex. Permissions Department, Harcourt, Inc., 6277 Sea Harbor Drive, Orlando, Florida 32887-6777. www.harcourt.com "Darkrose and Diamond" first appeared in The Magazine of Fantasy and Science Fiction. Although he harbored no fear of coming under suspicion for the murder of Victoria Bressler, he intended to leave Spruce Hills this very night. No future existed for him in such a sleepy backwater. A wider world awaited, and he had earned the right to enjoy all that it could offer him. Beveled, crackled, distorted, divided into petals and leaves, Deed's face beyond the lead-ad glass, as he leaned closer to try to peer inside, was the countenance of a dream demon swimming up out of a nightmare lake. More likely than not, he would cross Bartholomew's path when he least expected, not as a consequence of his searching, but in the normal course of a (lay. If that happened, he must be prepared to eliminate the threat immediately, by any means available to him. Junior was not immune to traditional logic, but in this case he recognized the superior wisdom of Zedd's philosophy. His dread of Bartholomew and his gut-level animosity toward a child he'd never met defied all reason and exceeded simple paranoia; therefore, it must be purest, infallible animal instinct. Shortly before ten o'clock, Junior returned to the cemetery and left his Suburban where the Negro mourners had parked earlier in the day. His was the only vehicle on the service road. Dropped cartridges gleamed on the carpet. Stoop to snatch them up? No. That was asking for a skull-cracking blow. Stopping at the door without opening it, Vanadium turned to stare at Junior, but said nothing. Junior stalked her, but she eluded him. Always, the song seemed to arise from the next room, but when he passed through the doorway into that space, the voice then sounded as if it came from the room that he'd just left. Maria arranged five place settings instead of four. The fifth--complete with silverware, waterglass, and wineglass--was at the head of the table, in memoriam of Joey. Even as the morning matured, the fog and the rain conspired to bar all but a faint gray daylight from St. Mary's. Shadows flourished. Having ridden from the church to the cemetery with Hanna, his housekeeper, Paul chose to walk home. The distance between Perri's new bed and her old was only three miles, and the afternoon mild. If Agnes knew that Jacob had been helping her game, she might never play cards with him again. She would not approve of what he had done. Consequently, his great skill as a card mechanic must be forever his secret. In her features, the girl entirely resembled her mother. She was nothing whatsoever like Junior. Only the light brown shade of her skin provided evidence that she hadn't been derived from Seraphim by parthenogenesis. Of the curiosities Junior uncovered, Frieda's weapons interested him most. Guns were stashed throughout the apartment: revolvers, pistols, and two pistol-grip shotguns. Sixteen altogether. He summoned enough courage to approach the nightstand. His hand trembled. He half expected the quarter to be illusory; to disappear between his pinching fingers, but it was real. Celestina was unable to talk reason to him, and even her mother, Grace, who was living here for the interim and who was always oil on the stormiest of waters, couldn't bring a moment's calm to the velvet squall that was Neddy Gnathic in full blow. He had learned about the baby five days ago, and he had been building force ever since, like a tropical depression aspiring to hurricane status. He picked up Angel, picked up Barty. "Hold on." He carried them out of the room, down the stairs, out of the house, to the yard under the great tree, where they would wait for the police, and where they would not see Jacob's body when the coroner removed it by way of the front door. Finished, she gave him a mirror, so he could admire his new bicuspid cap. After five years of dentistry, paced so as not to tax Nolly's tolerance, Kathleen had done well what nature had done poorly, giving him a perfect bite and a supernatural smile. This final cap was the last of the reconstruction. With the dead woman's guest on the way, minutes were precious. Attention to detail was essential, however, regardless of how much time was required to properly stage the little tableau that might disguise murder as a domestic accident. To prove himself, he read a little of Dickens when she requested it, a passage from Great Expectations. Then a passage from Twain. She searched the child's unfocused eyes for some sign of the hateful father's wickedness. Never would he pause to reload at this desperate penultimate moment, when success or failure might be decided in mere seconds. That would be the choice of a man who thought first and acted later, the behavior of a born loser. Exactly. The shock. The devastating loss. Junior felt it now, anew, and was afraid he might betray himself with tears, although he seemed to be done with vomiting. Dessert was on the house. The waiter brought the four best items on the menu, to spare them the need to make two small decisions after having made such a big one. Filled with the songs of swallows that evidently preferred these precincts to the more famous address of San Juan Capistrano, this mild March morning was perfect for pie deliveries. Agnes and Grace had produced a bakery's worth of glorious vanilla-almond pies and coffee toffee pies. Now out of the kitchen, along the hall, and up the stairs, two at a time, into Victoria's bedroom. Not with the intention of snaring a perverse souvenir. Merely to find a blanket. As if he'd been presented with many previous photos under these circumstances, Jonas Salk accepted the picture. "Your daughter?" She didn't hear gunfire this time, either, but the hard crack of splintering wood attested to the passage of at least two more bullets. With his startling combination of a Mediterranean complexion and rust-red hair, his good looks, and his fit physique, Paul had the exotic appearance of a pulp-fiction hero. In particular, he liked to imagine that he might pass for Doc Savage's brother. On the drive home, Junior dropped the knife down a storm drain in Larkspur. He tossed the gloves in a Dumpster in Corte Madera. Junior hadn't paid attention to everyone who visited the pianist though surely he'd have noticed a certain stump in a cheap suit. He supposed Victoria might have a visitor. Perhaps a relative or a girlfriend. Not a man. No. She knew who her man was, and she would have no other while she waited for the chance to surrender to him and to consummate the relationship that had begun with the spoon and the ice in the hospital ten days previously. Bright though they were at all times, Barty's Tiffany eyes shone brighter now with beams of North Pole magic. "Maybe I do feel it." Because his pinching fingers deformed the shape of her mouth, her voice was compressed: "I see all the ways you are." The same thought had occurred to her, a consolation that might make acceptance of these riches possible. Yet she remained chilled by the thought of

receiving a life-changing amount of money as the consequence of a death..Tom Vanadium liked this man at once. Cop instinct told him that Damascus was honest and reliable. Priestly insight suggested even more impressive qualities..Junior examined the music collection. The policeman's taste ran to big band music and vocalists from the swing era.. "Maybe I won't have to try as hard as I think, because you make it so easy, Barty.".. "Will I love you tomorrow, you mean, and the day after tomorrow, and on forever? Of course, forever, Wally, always."..In the car again, a block from home, Barty said, "Maybe you could just not tell Uncle Edom and Uncle Jacob until Sunday night. They won't handle it real well. You know?". This was tedious work and might not bear fruit. He needed to begin somewhere, however, and the telephone directory was the most logical starting point..He groaned. "That just doesn't cut it, Mom. If I gotta be blind, I think I should get to say peed off."..As the storm failed to dampen Joey, so the rotating red-and-white beacons on the surrounding police vehicles did not touch him. The vending machines were designed to accept quarters, not to eject them. They didn't make change. Mechanically, this barrage wasn't possible..Nolly finally disturbed the quiet: "Well, sir ... you're quite a psychologist."..Initially, Helen Greenbaum, at Greenbaum Gallery, had taken on three canvases, and had sold them within a month. She took four more, then another three when two of the four moved quickly. By the time that she'd placed ten pieces with collectors, Helen decided to include Celestina in a show of six new artists. And now, already, she had a show of her own..For guidance, Agnes couldn't rely entirely on any of the child rearing books in her library. Barty's unique gifts presented her with special parenting problems. Now, when he asked if he could stay up even later, to read about John Thomas Stuart and Lummox, John's pet from another world, she granted him permission.
