"It would have been ~zero the other way..". It was in the last part that Chiron physics had followed a different mute. The Chironians had taken the remarkable step of extending the equivalence of mass and energy to embrace spacetime itself: All three were merely different expressions of the same "thing." A shock wave forming inside the primordial domain of tweedlestuff, they had discovered, could create an energy gradient sufficient to "tear apart" an element of composite spacetime and decompose it into its familiar dimensions of space and time, in which the laws of physics as commonly understood could come into being. Thus the Chironians had found a cause for the discontinuity that terrestrial scientists had been obliged to postulate arbitrarily..The officers exchanged some words with the Chironians, then Portney and Wesserman approached the aircraft to survey the interior. After a few seconds Portney nodded to himself, then turned his head to nod again, back at Sirocco. Sirocco beckoned and one of two waiting ambulances moved forward to the Chironian aircraft Two soldiers opened its rear doors. Four others climbed inside the aircraft and began? moving bodies. Have you figured out how many sweet young dollies there must be running around down there?" Sirocco chuckled lasciviously over the intercom. "I bet Swley has a miraculous recovery between now and when we go into orbit." Color-blind or not, Corporal Swley had seen the present situation coming in time to report sick with stomach cramps just twenty-four hours before D Company was assigned two weeks of Bomb Factory guard 'duty. He was "sick" because he had reported them during his own time; reporting stomach cramps during the Army's time was diagnosed as malingering..Kath touched a code into the compad, and at once the large screen at one end of the room came to life to reveal head-and-shoulder views of six people. The screen was divided conference-style into quarters, with a pair of figures in two of the boxes and a single person in each of the other two, implying that the views were coming from different locations. Kath noticed the concerned look that flashed across Bernard's face. "It's all right," she told him. "The channels are quite secure..".This isn't like having a big schnoz. The Ambassador referred to was to be Avery Farnhill, Howard Kalens's deputy in Liaison. Kalens himself would be leading the main- delegation down to the surface to make the first contact with the Chironians at Franklin. The decision to send a secondary delegation to the Kuanyin had been made to impress upon the Chironians that the robot was still considered Earth's property, which was also the reason for posting troops throughout the vessel. As a point of protocol, Wellesley and Sterm would not become involved until the appropriate contacts on Chiron had been established and the agenda for further discussion suitably prepared.. you are." "Not me, not bat-blind Geneva." Jay shrugged. "All the things crazy people usually follow crazy leaders for, I guess." It wasn't quite the answer that Celia had been prepared for. She frowned for a second, then reached for her glass. "The reaction that it might provoke worries me. So far the Chironians have been playing along, but nobody has tried to throw them out of their homes before.
